positive
about integrated healthcare

We help people with things to do with Primary Healthcare.

“Primary Healthcare” means health services in the community, like:

- GPs
- Dentists
- Health Centres
- Opticians
- Chiropodists.

We work with health services.

We help workers to support people with learning disabilities.

We work with people with learning disabilities.

We help people get better access primary healthcare services.

We work with carers.

We help carers to learn about different health problems and where to get help.

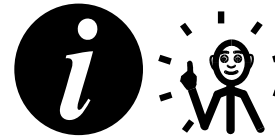

We do group work on different health topics.

We will talk to you about how to use your Health Action Plan.

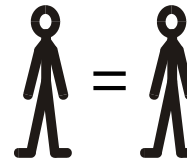

We work with GPs to make sure people are on the learning disability register and get an Annual Health Check.

We make sure people have health information that is easier to understand.

We make sure that health services think about people with learning disabilities when they make plans.

We make sure that people with learning disabilities are given fair access to health services.

We work closely with the Acute Liaison Team.

They support people with learning disabilities who have to go into hospital.
