

Rosehill's Roadmap to Statutory RSE

Rosehill School has implemented the mandatory RSE provision. The following steps have been taken to ensure good practice is established across the whole-school.

Be clear about the facts

As Relationships and Sex Education is required in all schools, we know what the new legislation means for our school.

Assess where you are now

There is a clear evidence base for high quality RSE, as it is a regularly timetabled lessons within PSHE education at Rosehill.

Refresh policy

Our RSE Policy links with our school ethos, safeguarding policies, KCSIE and The Equalities Duty.

Equip your staff

All staff have a role to play and we are providing specialist training.

Communicate

We will continue to champion RSE and communicate effectively with parents, staff, governors and pupils. We are part of the RSE Charter in Nottingham City. We attend and deliver RSHE Day on an annual basis.

Allocate leadership

Our Senior Leadership Team together with RSE and PSHE lead, staff and a linked governor, will oversee RSE.

Understand pupil needs

Using local data and consultation activities we have tailored our provision to meet the needs of all pupils. Please see our website for further details.

Review curriculum

Our RSE and PSHE education curriculum is comprehensive and responsive to pupil needs.

Update curriculum

Our Long-Term Plans reflect real-life issues (including the digital world), with a balance of skills, knowledge and personal attribute development.

Prepare to review and evaluate

We have systems in places to effectively monitor and evaluate that planned outcomes are being met and what needs to change.
