

Rosehill School Curriculum Project

Beach and Carnival

Subject Lead: Adele Harvey
Project Dates: September

Key Learning Objectives

At the end of the project pupils will:

- Have had lots of fun and experience new activities (i.e.. Carnival parade and dance, tasting exotic fruits, sensory activities sand and water.
- Have experienced and engaged in whole school activities in order to celebrate Carnival.
- To take part in new experiences, tolerate change to their routine and cope with a busy environment

Project Content

- Pupils will make and create props to use in the Carnival parade.
- Pupils will watch the Carnival dance video with some students following the whole school Carnival dance led by wellbeing champions.
- Explore the den and quad accessing the Beach themed activities.
- Explore the exotic fruits with some students tasting the fruits.

Impact on Children and Young People

The pupils engaged well in whole school activities, demonstrating real tolerance of change to their routine.

Most pupils made props to wear during our parade

Some pupils were able to explore and taste the exotic fruits. Some pupils engaged with the beach activities i.e sand and water

A few pupils watched the Carnival dance video before the parade and then joined in to perform with the wellbeing champions

Impact on Staff/School Community

The wellbeing champions worked hard to organise the event and organise food tasters and dance

Staff are able to engage with students from across school

Staff really enjoyed giving the pupils different opportunities.

Staff enjoy taking part in whole school events

Impact through photos

Next Steps:

1

To Continue to organise whole school events that enhance learning experiences for the students

2

To provide opportunities that allow pupils to engage in activities that further their tolerance of other and change

3

To continue to provide a range of learning experiences within the classroom especially for those pupils working on discovery pathways
